DETAILED ACTION

1. Applicant's arguments see remarks, filed 4/14/2005, fwd 4/21/2005, with respect to the independent claims 1, 12, 17 and 27 have been fully considered and are persuasive. Therefore, the finality of that action is withdrawn. And the application is in condition for allowance.

Allowable Subject Matter

2. Claims 1 – 31 are allowed over the prior art of the record.

3. The following is an examiner's statement of reasons for allowance: the prior art of the record fails to anticipate or rendered obvious the conditional limitation "Image forming position decision making that determines the position of the image forming optical system relative to the transmissive original as a visible image forming position at which the visible light component of the image light flux is formed at the visible image capturing device, based upon the infrared image signal, along with all other limitations" as cited in independent claims 1, 12, 17 and 27.

4. Claims 2 – 11, 13 – 16, 18 – 26 and 28 – 31 are allowed with respect to independent claims 1, 12, 17 and 27.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
